REASONS FOR ALLOWANCE

The following is examiner's statement of reasons for allowance:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose, or suggest a device for implanting cervical prostheses, comprising a holder, separate from the insertion instrument, configured to receive the cervical prosthesis with an exact fit, wherein the holder comprises an opening with guide elements formed therein for guiding the insertion instrument into a removal position in which the complementary projections and recesses lie opposite one another, and wherein the gripping members and the prosthesis have complementary projections and recesses which are configured to be brought into engagement and be released from one another by relative movement of the gripping members in a direction transverse to a longitudinal axis of the insertion instrument and transverse to the anterior-posterior direction of the prosthesis as set forth in claim 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
